IS HE SUCCESSFUL?

Is the question the sick man asks. He ares nothing for disputes upon medical ethics or the wrangles which so many physicians indulge in over matters of professional etiquette, nor what is still worse, the malicious and contemptible inendoes of selfish and venomous members of the profession who are never happy unless abusing somebody—in other words doing some dirty work. Not the invalid seeks for a physician who posses skill to cure him.

Dr. Hunter, has devoted all the years of his professional life to ailments of the Throat, Lungs Heart, Nasal Cavities and Ears, and claims as a consequence to b able to treat these ailments with more success than general practitioners.
